

Property Owner Election to Receive Electronic Documents and Opt Out of Paper Documents and Disclosures

Thank you for considering FortiFi Financial for financing your eligible home improvements. California law requires that you receive certain document and disclosures explaining the terms of this financing before you agree to this financing. If you would prefer the faster and environmentally friendly option of receiving the Financing Estimate and Disclosure electronically, please complete and return this form to opt out of receiving a printed paper copy. All property owners on title must sign.

Please provide a picture or scanned copy of this form to your contractor so they can upload it to the FortiFi system.

I hereby opt out of receiving a printed paper copy of the Financing Estimate and Disclosure document and instead agree to receive an electronic copy of this disclosure.
